Answers

1. D. Contrary to the belief that this work was finished by Salieri, (movie Amadeus) it was in fact completed by Süssmayr, a student of Mozart's.
2. A. The Tarantella is a Neapolitan dance in rapid 6/8 meter, probably named after the town of Taranto in southern Italy.
3. B. At one stage of his 25 year appointment at the Court of Esterházy, Haydn was composing one Symphony per week. This is an amazing feat when one considers that a Symphony can take from 6 months to a year to complete. (It took Brahms 20 years to complete his first symphony)
4. A. The Baroque period was from 1600 to 1750.
5. D. (As in the second movement of a sonata)
6. C. (As in the first movement of a sonata)
7. D. Beethoven estimated 60 beans per cup!
8. D. One of Mendelssohn's greatest contributions to music. He revived interest in Bach by organizing the first performance of the "St. Matthew's Passion" since Bach's death.
9. C. Bach's older brother had a valuable collection of works by Buxtehude, Pachelbel and others, which Johann Sebastian was not allowed to look at. The boy snuck out one night to copy it by moonlight, but had the misfortune to be caught by his brother in the act. His punishment was to have his work confiscated.
10. C. While on tour with the violinist, Reményi, Brahms arrived at a hall to find the piano out of pitch by a full semitone. Since the violinist refused to tune his strings down, Brahms simply played from memory in the higher key.
